

# "DO YOU WISH ALL OF YOUR CE PROVIDERS HAD A 12 HOUR TURN - AROUND TIME?"

It is POSSIBLE and it is CURRENTLY being DONE....

## The Current Process...

The current process for scheduling patients for either a Medical CE or Psych CE is a 6 STEP PROCESS for each PATIENT! You know how it works.... You login, you save the request letter, you save the background info, save any medical records in file and finally you have to compile all of the reports for each patient into one record! That is A LOT of WASTED TIME for just ONE REPORT!

## The Problem...

Potential would be CE Providers DO NOT agree to see Patients because of the EXTENSIVE work load involved. The result = CASES GET BACKED UP!

## The Solution...

With [PDMG's ERE BRIDGE](#) Virtual Office Management, CE providers have the ability for a 12 HOUR TURN-AROUND TIME - with less work! Imagine that! You have a CE performed on Monday and by Tuesday, YOU HAVE THE REPORT! The result = LESS BACKLOGGED CASES, MORE WILLING CE PROVIDERS, FASTER EFFICIENCY!

## How It IS Possible.....

[PDMG's ERE BRIDGE](#) Virtual Office

Management allows CE PROVIDERS TO:

- Build their schedule in ONE STEP
- Fill out CE Reports Electronically at the time of encounter
- Have the ability to automatically upload reports to the ERE site
- Track submitted reports

That is right! YOUR CE PROVIDERS CAN HAVE A 12 HOUR TURN-AROUND TIME! Ask US for more information!
